Office of *THE MILLER-MEGEE COMPANY*,

PHILADELPHIA, July 21st, 1890.

*WE* have sold the Patent Right to manufacture and sell Blank Books made upon our Patent Flexible Backs, in the States of CALIFORNIA and NEVADA and Territory of ARIZONA, to H. S. CROCKER COMPANY, of San Francisco, Cal. All infringements will be prosecuted by us.

*MILLER-MEGEE COMPANY.*

TO BOOK BINDERS AND BOOK DEALERS:

As owners of Letters Patent of the United States, No. 281,101, July 10, 1883, and manufacturers of Flexible-Back Books made thereunder, we take this means of informing the Trade and the public that we regard any book in which the signatures or sections are stitched to flexible strips or guards as an infringement of said patent.

We give this warning to the Trade and public, because we are informed that efforts are being made in different parts of the country to introduce and induce others to make or sell books which we hold to be direct infringements of our said Patent.

Book Dealers will do well to bear in mind that not only the manufacturer but the SELLER and USER of an infringing article are liable to the Patentee.

In particular we desire to inform the Trade that we have won our suit against GEORGE D. BARNARD & COMPANY, of St. Louis, Mo., for infringement of our Patent, and they are now using our patent in the territory we have sold them.

*MILLER-MEGEE COMPANY.*

PHILADELPHIA, July 31st, 1890.

*H. S. CROCKER COMPANY,*

*San Francisco and Sacramento, Cal.*

*Owners of Patent for Pacific Coast.*

Ask to have the MILLER-MEGEE PATENT BACK in all your Books.

# The Miller-Megee Patent Back

IN PLACING BEFORE our customers and the public "THE MILLER-MEGEE" PATENT FLEXIBLE BACK, we present an article which we can conscientiously recommend. We have heretofore refrained from endorsing so-called "Flexible-Back" Blank Books for the reason that we have been unable to discover any genuine merit in their claims. We are now prepared to stake our reputation on the utility and positive worth of the "PHILADELPHIA PATENT FLEXIBLE BACK."

Books made upon this principle will LIE PERFECTLY FLAT WHEN OPEN, and without any strain whatever upon the binding. *They will resist the roughest usage* to which any book can be subjected. Of the many thousand books made under this patent, we have yet to hear of a single instance where a book has not given entire satisfaction. *Try them and be convinced.*

Officially adopted by the U. S. Government as well as by the largest Banks in the Country. Adapted for heavy books of all descriptions as well as for those of every size.

Extensively in use in Railroad Offices, large Manufacturing Houses, City, County and other record Offices.

Very respectfully,

H. S. CROCKER COMPANY,

*Owners of Patent for the States of California and Nevada  
and Territory of Arizona.*

Any person manufacturing, selling or using The Miller-Megee Patent Flexible Back, or any infringement thereon, without our permission, in the States of California or Nevada, or the Territory of Arizona, will be prosecuted to the full extent of the law.—H. S. CROCKER COMPANY.
